

Setting the Bar Higher

The FC Blazers Difference

FC Blazer's Mission encompasses a three pronged approach involving academics, athletics, and social values. We seek to recruit well-rounded, capable students, and talented soccer players. Under the guidance of Technical Director Francis Okaroh, our goal is to create teams that will learn the values of trust, accountability, teamwork, discipline, tradition, and drive. Combining academic excellence with the lessons of the game, FC Blazers create well-rounded players that are prepared to get accepted and play at the college level.
